

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for library identification.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for library identification.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for library identification.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apt.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background. The barcode is used for identification and tracking.

4

673728

485013

apт.(8211)

A standard 1D barcode with vertical black bars of varying widths on a white background.
